EXPLOSION

Of Car Load of Dynamite at
Chihuahua Kills 30
To 50 People

PIECES OF FLESH A MILE

GANG OF LABORERS WORKING AT
DEPOT BLOWN TO ATOMS

Americans Among Those Killed but
Their Names Have Not Yet
Been Learned.

El Paso, Tex., Aug. 16.—By the explosion of a car load of dynamite at the Chihuahua and Pacific depot, in Chihuahua yesterday afternoon, 30 to 50 persons were killed. The dynamite was being transferred from a Mexican Central car to a car of the Chihuahua and Pacific road at the time of the accident, the latter road being a narrow gauge affair.

One of the Mexican laborers dropped a keg of dynamite and the explosion set off the whole car. Every laborer and the foremen, all of the latter being Americans, were blown to atoms and the city was shaken as if by an earthquake.

According to the details received here today fragments of bodies were blown for almost a mile and the roofs of the houses in the neighborhood were covered with pieces of human flesh. Many small buildings close to the scene were completely wrecked, and a number of people were injured in their homes.

Windows were cracked in all parts of the city and flying debris fell on pedestrians, inflicting painful injury in many cases.

None of the names of the dead Americans have been received here.

NEW GRAND JURY EMpaneled TO HEAR EVIDENCE

Chicago, Aug. 16.—Federal Judge Bethea today empaneled a second grand jury which immediately began the hearing of evidence concerning alleged violations of the interstate commerce law by the Standard Oil company and agents of the Lake Shore railroad. Local freight Agent Stinson of that road and Henry L. Meyer, clerk in the road auditor's office of Cleveland, testified to the storage of oil at Whiting, Indiana, for the Standard and the non-payment of \$20,000 storage charges still on the books being unpaid. Special Attorney Sullivan of Cleveland, is assisting District Attorney Childs and Hanchett. After the storage charges are heard charges of rebates will be entered into. Special Counsel Morrison will take up the monopoly charges after September 1.

NEGROES FLOGGED

Following Series of Whippings in
Missouri Negroes of Silex are
Selling Property.

Whiteside, Mo., Aug. 16.—Following a series of whippings which precipitated a race war, the negroes of Silex, six miles from here, are selling their property. Any negro found in the place Saturday night is to be flogged. It is said, the trouble is the outgrowth of a whipping which negroes gave James Edleman's 9-year-old son last week. A party of whites in retaliation seized a negro and whipped him. Later the boy's mother was whipped in a warehouse.

Company for Contempt.

San Francisco, Aug. 16.—A bench warrant was issued for the arrest of H. C. Quimby, agent of the Eagle Fire Insurance company. Quimby recently was brought before the grand jury for examination as to his method of settling claims of policyholders. He refused to answer questions and was cited to appear before Judge Graham to show cause why he should not be punished for contempt. He did not appear and it was stated that his whereabouts are unknown.

KEYNOTE

Sounded by "Uncle Joe"
Cannon Who Accepts Re-
nomination for Congress.

Danville, Ill., Aug. 16.—In accepting renomination for congress of the Republican convention of the Eighteenth Illinois district here today, Joseph G. Cannon, speaker of the House of Representatives, delivered a carefully prepared speech in which he handled in a characteristic manner the issues of the campaign. He discussed the prosperity of the country, talked of the glories of protective tariff, praised President Roosevelt, took a whack at the trusts and picked up the gauntlet thrown down by President Gompers of the American Federation of Labor. He warmly defended congress from the charges recently made of unfriendliness and indifference to the cause of the workman. He referred to Mr. Gompers as one "who claims to represent organized labor, and who seeks to control the action of members at the ballot box." Mr. Cannon's speech today is admirably intended as a keynote from which other congressional spell binders may strike their campaign tunes in their respective districts.

The fire started on the top floor of the building occupied by the Buffalo Ship Chandlery and Supply company, and is supposed to have been caused by an explosion. The alarm was given by Johnson, who rushed to the street enveloped in flames. Many of the sailmakers escaped by means of ladders and by jumping to adjoining buildings. The loss on the building and stock of the ship supply concern is estimated at \$175,000.

Order of Eagles Has Membership of
700,000—Fire Run For Friday
Night.

Milwaukee, Wis., Aug. 16.—Business in Milwaukee practically went into a state of eclipse today due to the immense parade of the fraternal order of Eagles, 20,000 strong. It was the star spectacular event of the week's meeting and brought forth immense crowds to witness the high flyers display their charms.

The political situation has switched about, owing to the caucus of six eastern states, Maine, New Hampshire, Rhode Island, Vermont, Connecticut and Massachusetts, with a view to placing the next convention in Boston or some city in the section named.

The financial showing of the grand treasurer is gratifying. The grand order has a balance of \$96,846. The order has a membership of 500,000. Little heads the list with a high membership.

A big fire run has been arranged for Friday night.

YOUNG GIRL

Found Round Hand and Foot by Police
of Indianapolis Near the
Railroad Track.

Indianapolis, Aug. 16.—Ella Vansickle, a 13-year-old girl, who started from the home of a relative to her home at 5 o'clock last evening, was found this morning bound hand and foot near the railroad tracks in the northwestern part of the city several miles from her home. The police had searched for her all night.

The Vansickle girl says she was seized by a strange man. A handkerchief saturated with chloroform was thrust in her face and she soon lost consciousness. She says when she first recovered consciousness before daylight this morning she was lying on the railroad tracks and the headlight of a locomotive was approaching. She managed to throw herself off the tracks and again became unconscious. She did not recover again until a railroad conductor found her.

Miss Vansickle told the police she had received notes from an unknown man threatening to get her in his power. She is a girl of remarkable beauty. Physicians said the girl had been ill-treated but Miss Vansickle declines to discuss her experience.

Miss Case Left Oyster Bay.

Oyster Bay, N. Y., Aug. 16.—Miss Asi L. Esac, or Elizabeth Case, who was to have been taken to Mineola and given a hearing in lunacy proceedings growing out of her persistent efforts to interview the president or Mrs. Roosevelt, left Oyster Bay. At first she asserted she would face the inquiry into her sanity, but at her boarding house it was stated she left for New York.

Bargain Day Rush.

St. Joseph, Mo., Aug. 16.—One woman perhaps fatally injured and many others more or less seriously hurt is the result of a bargain-day rush at a store here. The chief of police ordered the store closed, but rescinded the order when he found policemen on duty there had the situation under control.

COM. TANNER'S ADDRESS

WIFE WHO WAS KILLED

Brown of Zanesville Seems to Be
Leading in Race for Commander
--Doings of Encampment.

Minneapolis, Aug. 16.—The National encampment of the G. A. R. elects a commander in chief today. The executive sessions opened this morning. There is a lively fight on for commander. Of the candidates R. B. Brown of Zanesville, Ohio, still leads in the race. C. G. Burton of Missouri and P. J. Coney of Kansas, will oppose him. Saratoga, N. Y., is likely to get the 1907 encampment.

Archbishop Ireland will probably be the next chaplain in chief. After the preliminary business today Commander Tanner made his annual address, which is given in another dispatch today.

BROWN IS LEADING

Zanesville Man Seems to Have Good
Chance of Election--Doings of
Encampment.

Minneapolis, Minn., Aug. 16.—Interest in the G. A. R. encampment now centers chiefly in the contest for commander-in-chief.

Friends of R. B. Brown of Zanesville, O., claim he has the best chance of being elected commander. They assert that he will have the votes of Ohio, Illinois, Pennsylvania and New York, the four largest delegations. C. G. Burton of Missouri and Captain P. H. Coney of Kansas are still strongly in the fight, however, and both express confidence in the outcome.

Business sessions of the encampment commenced today in the auditorium, and will continue until Friday. The most important matters to come up for consideration are the abolition of the canteen from the soldiers' homes and the proposed erection of a monument to Henry Wirz by the women of the south. The reports of the officers were submitted at the afternoon session today.

Colonel Charles W. Keeting of New Orleans, for 10 years commander of the joint departments of Louisiana and Mississippi, and who headed the division in the parade, was overcome by the heat and exhaustion and died an hour after reaching the hospital. Colonel Keeting was an examiner and appraiser in the customs department at New Orleans. He enlisted in a Massachusetts regiment and made an excellent record, being promoted to lieutenant colonel of colored troops. The body will be sent to New Orleans.

Thomas A. Martin, 67, senior vice commander of the department of the Potomac, who was a clerk in the war department at Washington, dropped while marching in the parade. He died on the way to the hospital. He was born in Pennsylvania, and entered the government service in 1861. The total casualties to date are five deaths, eight injured and 46 prostrations caused by heat.

The relief corps was busy during the parade caring for men and women who became prostrated by heat and fatigue. Among those taken to hospitals were E. P. Stegkel of Atlanta, Ind.; Dr. E. Cutler of Bolivar, Ky.; G. W. Ody of Cleveland, O.

TANNER'S ADDRESS.

Minneapolis, Aug. 16.—In opening his annual address to the national encampment of the Grand Army of the Republic, Commander James Tanner, commander-in-chief of the organization today made the somewhat surprising statement that despite the inroads made by death, the Grand Army had actually increased its membership in the past year. "I had considered it almost inevitable that this day on this occasion I should be compelled to report to you a very considerable net loss in membership," he said. "On the contrary I am happy to announce that the Grand Army has increased its membership by 20,000 men since the last year." The commander-in-chief then ordered the playing of the national anthem.

**MURDER TRIALS
ARE POSTPONED**

GYPSY INMATE OF INFIRMARY
AT MARION TELLS OF BUR-
IED TREASURE.

But Neglects to Point Out Hiding
Place—Bitten by Snake—Ohio
News Budget.

Wooster, O., Aug. 16.—Prosecuting
Attorney Eugene Carlin decided to
postpone the trial of the case against
the alleged murderers of Thomas Dye
of Orville until after the November
election. He expects that White, Ey-
nhart and Miller, the Alliance boys
who are charged with the murder,
will be indicted at the September ses-
sion of the grand jury. The retrial
of the case of the state against Mrs.
Moorehouse, charged with poisoning
a child, will also be continued.

Tells of Buried Treasure.

Marion, O., Aug. 16.—Noah Clark,
80, a gypsy inmate of the county in-
firm, believing that he was about
to die, told the story of his life, in
the course of which he said he was
heir to a large fortune, left by an
English relative. He said the coffer
was buried near Cincinnati and con-
tained gold and silver, with some jew-
elry, valued at \$100,000. When asked
to designate the spot the old man
wept and refused to tell.

Brakeman Beaten by Tramp.

Wollston, O., Aug. 16.—Charles By-
ers, 38, a C. H. & D. brakeman, while
attempting to eject a hobo from his
train was beaten insensibly by the
tramp. A sharp instrument was used
as a weapon, almost severing the ear
from the head. The assailant cut
across the fields and made good his
escape. The railroad men are in-
censed over the brutal treatment and
are awaiting the tramp's capture.

Bitten by Copperheads.

Zanesville, O., Aug. 16.—Mrs. R. G.
Neff of Philo, O., is in a precarious
condition as a result of being bitten
by two copperheads. She was pull-
ing weeds in the garden when she felt
a sharp sting on the wrist. She sprang
back and stooped down to see what
had stung her when another copper-
head bit her on the hand.

Wanted in Detroit.

Canton, O., Aug. 16.—Otis Miller,
wanted in Detroit for posing as the
private secretary of John D. Rocke-
feller and contracting thousands of
dollars' worth of debts, was arrested
here. When arrested he gave his
name as Fred Kohler. It is said he
has victims in Cleveland and Lorain.

Struck by Freight.

Wooster, O., Aug. 16.—Earl Long,
25, bricklayer of Cleveland, was
struck by a freight train on the Penn-
sylvania lines, sustaining internal in-
juries, which caused his death a few
hours later. Long formerly resided
here and came back to take a job.

Bodies Recovered.

Sandusky, O., Aug. 16.—The bodies
of Harry Eichstaedt of Springfield
and Jacob Widmaier of Toledo, who
drowned at Cedar Point Aug. 11, were
recovered.

In Jail by a Wealthy Relative, Des-
tute Mother and Children May
Be Given a Home.

Marion, Aug. 16.—From street to
mansions is the transformation that
will take place within the next 24
hours in the lives of Mrs. Edna Deal
aged 26 years, and her two small
children.

Mrs. John Ridpath Thompson, of
Chicago, a sister of Mrs. Deal's first
husband, Frank Lavanwy, read of
the arrest of her sister-in-law here on
a charge of loitering. Mrs. Deal had
been dispossessed by her landlord and
with Mrs. Maggie Philippi, sought
shelter over night in a barn with
their two small babies. Both women
had been married and both had been
separated from their husbands.

When arrested Mrs. Deal gave the
name of Mrs. Lavanwy, which was
recognized by Mrs. Thompson, who is
wealthy. She came immediately to
Marion and the reunion took place
yesterday at the police station. No
until then did Mrs. Deal know that a
son by her first marriage, who had
been taken by a relative, was free.
She was first overcome with joy over
the finding of a home and then be-
grief over the death of her boy.

JAP POACHERS

Spent Two Days in the Rookeries,
Piracy Charge Probable.

Seattle, Wash., Aug. 16.—A full re-
port of the seal poaching at the St.
Paul rookeries will be made to the
department of commerce and labor by
E. W. Sims, solicitor of the depart-
ment, who arrived here after investi-
gating the affair.

With reference to the poaching in-
cident he said: "There were two days
of active raiding by the Japanese,
who had four schooners and possibly
five. Monday, July 16, during a dense
fog, the guards heard firing at various
points around the island, indicating
that the raiders were shooting seals
in the water. The government agent,
Walter I. Lemby, investigated and
captured six Japanese in a boat as
they landed to kill seals with clubs.
These surrendered without a fight.
Later in the afternoon continuous
firing was heard around the islands.
Tuesday two native guards found
three Japanese landing in a boat.
Two of the raiders were armed. The
naval guards ordered the Japanese to
surrender, but instead they jumped
into their boat and started to pull
away at a rapid rate. One shot of
warning was fired, but the Japanese
continued to row. Then the guards
fired to kill, two of the Japanese being
killed and one wounded. The boat
drifted to shore and the wounded man
was cared for. The same afternoon
Lemby and 15 guards surprised a
boat filled with raiders. The men
started to row away when the guards
fired, killing two others. One was
dead in the boat and was seen to float
away in the surf, and a third was
thrown overboard from the schooner.
Twelve were captured. The schoo-
ners then weighed anchor and got
away. The 12 captured were bound
over to the grand jury and imprisoned
at Juneau. They may be indicted
for piracy."

SILVER PURCHASED

By United States Treasury Depart-
ment to Make Subsidiary Coins.

Washington, Aug. 16.—Pursuant to
the announcement of the secretary of
the treasury that he desired to receive
tenders of silver four bids were made
to Director Roberts of the mints.
After the bids had been submitted to
Secretary Shaw it was announced the
government had purchased 50,000
ounces of silver 999 fine at 66.62 cents
per ounce. It is not the custom of
the treasury to announce the name of
the individual or the corporation
through whom the silver is obtained,
and hence no name of the successful
bidder can be given. It is the expecta-
tion that the government will require
from 50,000 to 100,000 ounces of silver
per week for an indefinite length of
time.

Gooch Case Continued.

Springfield, Mo., Aug. 16.—The trial
of Hill Gooch, one of the alleged mob
leaders under arrest here, was set for
Sept. 3. Delay in securing a jury to
try Doss Galbraith, another alleged
lyncher, made it necessary to con-
tinue the Gooch case.

ists inaugurated a carnival of attacks
with bombs and revolvers on police
and troops in various cities of Poland.
Echoes of the revolt are heard from
Samara, Ufa, Yalta, Kiev and even
from far-away Chita, where the acting
chief of police, Gornichenko, was
slain almost on his own doorstep. The
revolutionist campaign flamed out
with especial violence at Warsaw,
where over a score were slain on the
streets and many more wounded.
Among the killed were two sergeants
of police, eight patrolmen, three gen-
darmes, five soldiers, a merchant and
a woman.

Chairman George B. Cortelyou, of the Republican national committee, who when in Washington is a member of the President's cabinet, being postmaster general, spent three days in New York last week in secret conference with leaders of the party with a view to bringing the warring factions in the organization in that state into harmony, if possible, before the opening of the state campaign. Mr. Cortelyou would not say much concerning his visit. And he didn't say anything about when the public may look for his committee to pay back the contributions made by the insurance companies. Neither did he offer any explanation why the bill before Congress prohibiting corporations from contributing campaign funds was not allowed to be passed by the Republican leaders. All of which means that Chairman Cortelyou not only intends to hold on to the insurance and other corporation money he now has, but is ready to receive all the corporation contributions that will be offered in the present campaign.

DEFEND BAILEY IN PLATFORM

Texas Democrats Exonerate Him From Recent Allegations.

LONE STAR IN BRYAN GALAXY

Regular Republicans of Texas Again Put Cecil Lyon to the Front—Dempsey Defeats Bernard at Cincinnati. Odell and Platt Fall Into Each Other's Arms.

Dallas, Tex., Aug. 16.—The platform adopted by the Democratic state convention reaffirms the principles of the party, indorses the administration of Governor Lanham, demands that the next legislature enact a law prohibiting lobbying, favors a law against the issuing of railroad passes except in specified cases, and makes a request that the governor keep the next legislature in session, if necessary, by extraordinary call until such a law is passed. It also demands a law prohibiting corporations from contributing to campaign expenses of any party or individual; a law defining insolvent corporations; a law compelling telephone companies to transmit each other's messages from common points; demands amendments compelling corporations to pay in at least half their capital stock before beginning business and the balance within two years. Unbounded confidence in the statesmanship and patriotism of William J. Bryan appears in a resolution, together with the hope of his nomination. Senators Bailey and Culberson are indorsed and the former defended against allegations recently made. Other planks and recommendations are of only state interest.

Odell Outwitted Higgins.
New York, Aug. 16.—The Republican state committee called the state convention to be held in Saratoga Sept. 25. There was a test of strength of the friends of Governor Higgins and the friends of State Chairman Odell over the election of a temporary chairman for the state convention. Governor Higgins won on the first vote by electing Lieutenant Governor Lynn Bruce for temporary chairman, but Odell's friends brought about a reconsideration of the vote and left the matter unsettled. After the committee adjourned Odell and United States Senator Platt held a conference. Senator Platt said afterward, speaking of Mr. Odell, "I have fallen into his arms and he has fallen into mine." Odell declared himself opposed to the renomination of Governor Higgins.

Sullivan's Statement.
Chicago, Aug. 16.—The Democratic national committee for Illinois, Roger C. Sullivan, gave out a statement which he mailed broadcast throughout Illinois in reply to William J. Bryan's demand that he resign from the national committee and his subsequent assertion that his opposition to Sullivan was prompted solely by his belief that "Roger Sullivan and John P. Hopkins deliberately robbed the Democrats of Illinois of their political rights." Sullivan declines to concede to Bryan the right to question his Democracy or his membership in national committee.

Texas Republicans.
El Paso, Tex., Aug. 16.—The regular Republican state convention completed its work by re-electing Cecil Lyon of Sherman state chairman and nominating for governor Dr. Carey Gray of Pannin county, for lieutenant governor Frederick Hofheinz of Guadalupe county, and a full state ticket. The resolutions condemn what is referred to as the wasteful extravagance of the state Democratic administration; commend the Roosevelt administration, condemn neopolism in Texas and condemn the Texas delegation in congress for opposing the Republican national administration.

Dempsey Defeated Bernard.
Cincinnati, O., Aug. 16.—Riotous scenes characterized the Hamilton county Democratic convention, called to select delegates to the state convention. The turbulence resulted over the fight for control of the convention between the followers of Mayor Dempsey on one side and Lewis G. Bernard, who for a long time has been the local Democratic leader. Bernard was defeated. The following delegates at large were selected: Mayor E. J. Dempsey, Charles E. Roth, M. W. Marx, Jerry Mulroy, Henry Inwalle, Thomas Bentham and Frank Pfaff.

Bennett Renominated.
Ashland, Ky., Aug. 16.—Republicans of the Ninth district nominated Congressman Joseph D. Bennett to succeed himself. The resolutions indorse President Roosevelt and all he stands for.

Populists Disappointed.
Lincoln, Neb., Aug. 16.—The Populist platform declares allegiance to the principles of the party as enunciated at the last national convention. News of the nomination of A. C. Shallenberger for governor by the Democrats caused disappointment in the convention of Populists, who counted confidently on the nomination of George W. Berge of Lincoln by both conventions. A proposal to nominate Berge

AND YET THEY SAY EUROPE DOESN'T APPROVE OF OUR PRODUCTS.

(Reproduced by special arrangement with the New York Herald.)

met with the announcement that Mr. Berge would not consent to be the candidate of the Populists alone.

Nebraska Socialists.
Lincoln, Neb., Aug. 16.—The Socialist party of Nebraska held its state convention here with an attendance of 75 delegates. A state ticket was nominated, headed by Ezra Taylor of Broken Bow for governor. Among the resolutions was one denouncing the prosecution in Idaho of Moyer, Haywood and Pettibone as an outrage.

Nebraska Democrats Nominate.
Lincoln, Neb., Aug. 16.—The Democratic convention nominated A. C. Shallenberger of Alma for governor. A strong Bryan platform was adopted. There was debate over an hour on the question of nominating a United States senator before it was decided in the affirmative. William H. Thompson of Grand Island was indorsed for United States senator. A full Democratic ticket was nominated.

GROSVENOR'S FRIENDS
Are Expected to Bolt the Ticket Because of His Defeat.

Athens, O., Aug. 16.—The Democratic congressional committee of the Eleventh congressional district, composed of Athens, Ross, Meigs, Vinton, Fairfield and Hocking counties, met here for the purpose of fixing the date and place for holding the Democratic congressional convention. The convention will doubtless be held at Chillicothe or Lancaster. Athens county is very favorable to Judge O. W. H. Wright, of Logan, and it is probable that no other name will be presented to the convention.

The Democrats of the district are expecting General Charles H. Grosvenor's friends, because of the general's defeat at the Lancaster convention, to bolt the Republican ticket, and are confident that they will be able to defeat Albert Douglas of Chillicothe, the Republican nominee, and elect a Democratic congressman from this district.

WARRANTS ON RIOT CHARGE

Sworn Out For Three Officials of the Coney Island Line.

FIGHT OVER FARES GOES ON

Plans Formulated For Peace Pending an Appeal by the Corporation to the Higher Courts on the Order of Justice Gaynor That One Fare to the Seaside Is Sufficient.
New York, Aug. 16.—Riots on the Brooklyn Rapid Transit line are today at an end and the trolley cars are again moving to Coney Island. Pending a decision of the highest court, passengers have consented to pay the additional five cent fare but the company will give rebate tickets so if the decision is against it, the money will be refunded. Counsel for the company and others have decided to prepare a statement of the facts which will be presented to the attorney general that he may bring a mandamus suit on a joint petition compelling the railroad to charge only a single fare.

New York, Aug. 16.—Police Magistrate Higginbotham personally caused the arrest of Vice President John F. Calderwood, General Traffic Manager Dow S. Smith and District Superintendent W. C. Newberry of the Brooklyn Rapid Transit company on charges of inciting to riot and committing acts productive of public disorder. He commanded Police Inspector Cross to serve them.
The company adopted a plan suggested by Acting Mayor McGowan to give a rebate receipt to every person paying a 10-cent fare, 5 cents to be returned to the holder if the court of appeals upholds the decision of Justice Gaynor that 5 cents is the legal fare to Coney Island. It was stated that the company is preparing the papers in a test case to be taken before the court of appeals.

Bird S. Coler, borough president, accepted a proposition of President Winter of the Brooklyn Rapid Transit that Mr. Coler represent the people in the proceedings, and suggested that the speediest way in which to adjust the matter is to place the facts before the state attorney general and request that he take steps to secure a mandamus commanding the company to run its cars for a single 5-cent fare, without prejudice to appeal, both parties to abide by the decision of the court of appeals.
Justice Gaynor helped to bring about a peaceable solution of the difficulty by giving out an interview in which he advised every one to pay the double fare rather than commit acts of violence.

Our farmers and their families turned out in grand style and attended the Harvest Home picnic at Buckeye Lake last Friday. All were pleased from start to finish and enjoyed everything as it came even the rain. Among those who attended were C. M. Bowby and family, D. B. Fickle and family, C. R. Seidle and family, C. A. Wintermute and family, F. J. Thomas and family, W. A. Grooms and family, H. Schaad and family and their friends from other places making about 70 persons gathered around the pile of good things prepared by the wives of the farmers. After the safe settlement of the score of good things to eat the afternoon was spent in listening to the speeches, enjoying the sports and in having a general good time. All unite in one accord in saying that never before did the farmers enjoy a day any better.

Saturday evening proved to be an eventful evening to W. A. Grooms. After a hard day's work he was enjoying the contents of his favorite daily newspaper, and without any notice whatever his friends burst in upon his quietness to remind him he had passed another milestone in the journey of life. William was equal to the occasion and acknowledged surprise and was ready for a good time, which was enjoyed by all present. After refreshments, consisting of ice cream, cake etc., the guests departed, wishing Mr. Grooms many more such happy occasions.

Friday to be Big Day in Camp Owing to Presence of Governor—"To Woods" Expected.

(Special to the Advocate.)

Camp Pattison, Aug. 16—Sergeant Clarence E. Orr of Newark's company who has been promoted to the rank of First Sergeant, has reported to Major Winters at headquarters in preparation for the state shoot. Sergeant Orr is a member of the Sea Girt party again this year, and is making enviable records.

Tuesday afternoon a firing school was conducted for the officers horses. The big machine guns firing several hundred shots a minute, were turned loose. Major Elmer Blizard has an especially fine horse in camp and the schooling went well with him. All of the riders remained in the saddles.

The Fourth regiment is located along the banks of Sugar Creek thus having excellent bathing facilities, while Company G has especially good water to drink.

The only sickness in the entire camp was Tuesday when a member of a company from Marion was sent to his home with symptoms of typhoid. The man's brother in Marion is now sick with typhoid so that it is not believed that the fever was contracted in camp.

Thomas White and Frank Ransom are the chiefs mentioned with honor. The former is located at headquarters mess and the latter at Company G's mess tent.

Tomorrow, Friday, is expected to be the "big" day at camp. Governor Harris will arrive early in the day and the maneuvers will be the most extensive of any day so far. It is expected that about 100,000 rounds of ammunition will be used. It is learned in camp that a number of Newark people will probably visit the boys on that day, coming by the way of Denison on the Pan Handle and from there on the electric to Strasburg. The Fourth regiment is the first camp to be reached east of the track.

The food supply has been exceptionally good. The nights are cold, in fact necessitating overcoat. It has been quite dusty and rain would be acceptable.

The camp this year is much improved over any camp yet, because of the size and facilities for maneuvers. The territory is six miles in one direction and five in another. The camps of the two battalions are at the extremely opposite ends of the grounds the district between being composed of hills and natural obstructions to the designs against either battalion. Practically all of this territory is given over to the troops with the exception of farms in cultivation which have signal flags which according to orders mean "stay away."

Dame Rumor says that there will be a night spent in the woods. Since Wednesday morning the men have been required to carry full equipment in the field and they are on the look out for orders "to the woods." Tuesday the Fourth regiment was placed in action against the Eighth and after about seven miles of tramping came back for dinner with appetites as part of the equipment.

All visiting officers are pressed into service, frequently to their surprise, immediately upon their arrival at camp and are placed as umpires or inspectors.

The program for maneuvers for the present three days is as follows: Wednesday morning, battalions vs. battalions. Thursday, regiments vs. regiments. Friday, brigades vs. brigades.

Captain W. H. Knauss, assistant surgeon of the Fourth, was in Newark a short time Wednesday, attending to professional duties.

NO MORE BLANKET TOSSING.

Camp Pattison, Strasburg, O., Aug. 16—Blanket tossing and other dangerous hazing stunts in the O. N. G. must stop. After several militiamen were severely injured by the sport, a prohibitive order was issued today. Private Willis Smith may be a victim for life. His knee was injured. As a result of a saloon brawl in which the civil and military authorities clashed in regard to jurisdiction, a general order has been passed prohibiting militiamen from entering the Strasburg saloons. Guards are stationed at every bar room door to see that the order is obeyed.

**NICK FRANCISCO
OF ALEXANDRIA**

MAY BE IMPRESSED IN ARMY OF KING HUMBERT IN SUNNY ITALY.

Every Effort However, Will be Made to Secure Return of Young Man to Columbus.

Columbus, Aug. 16—There is no naturalization treaty between the United States and Italy. For this reason there is considerable doubt whether the state department will be able to secure the release of young Nick Francisco of Columbus, who has been told that he will be impressed into the army of King Humbert. Francisco is an Alexandria, Licking county, man, who has been living here.

Any young Italian between the ages of 20 and 39 years of age is subject to the military duty. Although there are thousands of Italians in the United States a similar case to that of young Francisco has not been reported to the state department since 1890, when an Italian boy by the name of Gerald was released from the arrest of the Italian government through the intervention of the state department.

These facts were communicated to Congressman Taylor in a letter received by his secretary, Samuel G. Osborne. The state department added that the question was being taken up through the American ambassador, and that every effort would be made to secure the return of the young Italian to Columbus. Owing to the non-existence of a naturalization treaty the son of sunny Italy who visits the mother country while he is between the ages of 20 and 39 does so at his own risk.

PROGRESS OF WORK IN B. & O. YARD

GENERAL ORDER IS ISSUED TO
BRAKEMEN AND THOSE WHO
HANDLE BAGGAGE.

Ball Game Sunday Between Newark
and Wheeling Clerks at Idle-
wild—Railway Notes.

The framework and brick wall of the new section of the B. and O. round house has begun to set and a large force of carpenters is at work. A steam hoise has been set and the girders and steel braces of the structure are placed in this manner.

The foundation for the new yard office, which is to be a short distance south and west of its former site, has been nearly completed.

Brakemen and Baggage-men.

A general order has been issued from Superintendent J. F. Irwin's office of the Newark division and E. R. Seville, superintendent of the Ohio division of the B. and O. to the effect that brakemen and baggage-men of the B. & O. S.-W., running on the Midland division between Newark, Columbus and Cincinnati, are given an opportunity to return to the B. and O. service before September 1, if they so desire.

Considerable dissatisfaction has existed among the trainmen running on the B. and O. and B. and O. S.-W. between Newark and Cincinnati, ever since the Midland division was transferred from the B. and O. to the B. and O. S.-W. in May, 1902. At that time the train crews were also transferred to the B. and O. S.-W. and many of the conductors, brakemen, and other trainmen who had served the B. and O. system for many years, objected to being transferred to the other system where they had no service record at all.

The matter has finally been taken up by the various brotherhoods and it is now decided to allow the men who were in the service prior to the date of the transfer to decide which system they will serve. The matter must be finally adjusted by September 1 when the B. and O. S.-W. will fill all vacancies made by men returning to the B. and O. service.

B. and O. and B. and O. S.-W. brakemen and baggage-men will be entitled to their percentage of road mileage on both passenger and freight after September 1.

Ball Game Sunday

The clerks of the Master Mechanic's office announce their second ball game to be played at Idlewild Park next Sunday with the clerks of the Wheeling department of motive power. They promise a live game from start to finish and refer to last Sunday's game as an example of their work.

Last Sunday the game with Wheeling resulted in a score of 3 to 2 in favor of the local team. Among the features of the game were the pitching of Paul and a one-handed stop in

the ninth inning by Lentz, both members of the M. M. team. The game was fast throughout.

PULLMAN TAXES.

An Interesting Question Raised by
Chicago Authorities.

Chicago, Aug. 16.—That Chicago is the home of all Pullman cars and that they should be taxed here, was the claim made by the corporation counsel, J. H. Lewis, when he attacked the valuation of the Pullman company before the board of review. He contended that the fact that a car journeyed from state to state on regular or irregular trips did not exempt it from taxation in Chicago. In addition to demanding the taxation of the cars, Lewis insisted that the company pay taxes on \$22,000,000 of capital stock and \$20,000,000 surplus, and back taxes on \$1,650,000. He also took up the company's real estate, some of which is held by the Pullman association. When the Pullman case was called by the board of review counsel for the company were unable to answer questions put by Lewis, and the case was continued until Friday.

Gov. A. L. Harris Present—Prominent Men Are On the List of Speakers.

The annual reunion of the old soldiers of Licking and adjoining counties was held Thursday at the historic Black Hand, and notwithstanding the threatening conditions of the weather there was an immense attendance, thousands of people being assembled between five and six hundred being from Newark.

Reunions of persons who have not met for a quarter of a century were held, and all enjoyed themselves to the utmost. Among the speakers were Governor Andrew L. Harris, Hon. M. L. Smyser, Wooster; Hon. W. A. Ashbrook, Col. W. L. Curry, Columbus; Attorney Fred C. Rector, Columbus; Attorney A. J. Andrews, Zanesville; Rev. J. W. Cale, Lore City; Rev. G. B. Henderson, Nashport; Miss Melbie Sheridan, Somerset; General P. H. Sheridan, Somerset; Captain John A. Evans, Frazzysburg; Judges E. M. P. Brister, S. M. Hunter, C. W. Seward, J. D. Jones, W. A. Irvine, Attorney A. A. Stasel, Geo. Hamilton and M. R. Scott of Newark. There was plenty of music, both brass and martial and the old veterans had one of the times of their lives. The reunion was one of the most successful ever held at Black Hand.

GRAND ARMY

(Continued from Page 1.)

more than off-set the losses incurred through death, and that our order stands today 3,500 stronger in numbers than it did at Denver last September.

Continuing he said:

"The character of the Grand Army never stood higher than it does at the present moment.

"Repeatedly during the past year, on various public occasions, I have defiantly, and perhaps arrogantly called attention to the fact that while the public conscience has been checked and outraged by the exposure of moral turpitude on the part of many of those who stood among the so-called most eminent men of the nation, eminent in financial and religious circles, trusted guardians of the interests of widows and orphans, for whom loved ones, now dead and gone, had thought they had made careful safeguard to cover the necessities for comfort throughout all their natural life, men who in church circles stood on the very steps of the altars, trusted cup-bearers of the cause of Christ, yet, when their real characters were exposed were exhibited in such poverty of soul and honor as compared to them Lazarus in his lowest state might justly be considered a multimillionaire—in all the list, search it from top to bottom, the name of not one veteran of the Civil War can be found.

"The Grand Army has attained a position of commanding influence which has been beneficial, not only to our comrades, but the nation.

"The principles it stands for are vital. In fraternity the brotherhood of man is taught, in charity there is the love that suffereth long and is kind, and in loyalty there is the respect for duly constituted authority for government."

The commander-in-chief spoke in terms of admiration for the generosity displayed by Grand Army men in responding to his call for funds for the relief of San Francisco this spring.

Referring to the sacredness of Memorial day Tanner voiced a vigorous protest against its desecration by baseball games, circuses and other forms of popular amusement. He expressed the hope that public sentiment would lead to a discontinuance of such practices and cited an instance in the action of the common council of Topeka, Kansas, which last Memorial day in response to a protest made by the department commander, revoked a license granted for a circus performance that date.

He approved the growing inclination to observe flag day throughout the country and urged his comrades to assist in the movement if for no other object than to inspire the youth of the land with love for their country.

He spoke at length of the efforts made by himself and committee consisting of General G. M. Dodge, General J. C. Black and Major William Warner, Senator from Missouri, in the direction of the enactment of a service pension law, providing for \$12 a month for every veteran of the Civil war and the increase of widows pensions from \$8 to \$12 a month. The committee found although such a law would take at present \$4,000,000 additional out of the United States treasury in another year the amount would be greatly decreased. Together with members of the committee Tanner visited the President and told him while they felt it would be useless to ask Congress this year for such an appropriation, conditions would be so much more favorable one year from that time that they had decided unanimously to re-

commend the enactment of such law and would ask the President's support.

"He assured us," said Tanner, "it would be his great pleasure to do whatever he possibly could within reasonable limits to meet our desires."

After reviewing the business affairs of the organization he closed with a touching tribute to the memory of his wife, who was killed in an automobile at Helena, Mont., six weeks ago.

"Accompanied by her, who forty years before had joined her life to mine," he said, "and who in all those years had been such a guide and counselor as few men have been blessed with, every bit as fair to my old eyes in her crown of whitened hair as she had looked on our wedding morning in her raven tresses—what wonder the world looked fair and radiant to me one instant, then the fatal crash—as out of the sky leaped the angel of death and in a few moments I realized that my individual world lay in a wreck and ruin, not equalled by that which crushed me at Bull Run."

"Many of you, my comrades, have trod the 'wine press of sorrow' and realized the crushing effect of such a blow. But I rally to this thought that if the loss, now silent forever, could speak once more they would voice to me the injunction not to wrap myself in a mantle of fruitless sorrow, but rather, to spend myself in even more strenuous efforts in the future for the helping of our needy comrades than it has been my privilege to indulge in, in the past. To that I pledge myself."

BIG GATHERING NEAR JOHNSTOWN

GREENS AND WILLISONS HELD THEIR ANNUAL MEETING ON THURSDAY.

One Hundredth Anniversary of the Settlement of Monroe Township is Celebrated.

At Johnstown, 18 miles northwest of Newark, a novel celebration took place. Thursday, on a scale which has never before been attempted there. It was not only a reunion of the Green and Willison families, which has been celebrated for over twenty years, but is a centennial celebration of Monroe township, Licking county, which was founded by members of the Green, Willison and other families in 1796.

Four members of the Green family married four sisters of the Willison family, soon after that date, and from those couples in four generations have proceeded several thousand descendants. One of the couples, George Green and wife, who was Diodora Willison, had seventeen children. The others had the full scripture numbers, and their descendants all had large families. These descendants have intermarried, the marriage of cousins being quite common, and those related in lesser degree consider it a matter of family pride to intermarry, so that nearly every one is related to every other person in Monroe township.

The only relics of the original families remaining are the George Green home, once used as a block-house and place of refuge against Indians, and the old brick Baptist church. The oldest living kin of the early settlers are Mrs. Amy Ball and Mrs. Olive Allen, both of Newark, daughters of George Green. Between fifty and a hundred descendants of these families have flocked in Columbus in the last few years and nearly all of these will attend, with guests. Among those who will attend from Columbus are Judge and Mrs. Frank Rathmell, Miss Margaret Felch, Don Harold Felch, Mrs. W. F. Felch (Mary Helen Willison) and her brother, Don W. Willison, with his family, Mrs. James H. Carvin, Miss Marla Cross, matron of the Deaf and Dumb institute, Mr. and Mrs. Forest Green, Miss Lou Warden and Miss Helen Warden and Miss Katharine White, and many others. Some are coming to the reunion from as great distances as Denver and Chicago.

The principal feature of the celebration, a novelty for this section of the country, is the roasting of an entire ox, after the Virginia fashion, as the Greens came from that state. An arch has been built on the grounds and a man was to come from Virginia to roast the ox, but a Newark caterer was finally secured. Two sheep and a pig were also roasted.

Fully 1,500 guests were present and each partook of the ox and other refreshments, added to the contents of baskets of dainties which those who attended brought. Otherwise the collation was entirely gratis, the free will offering of the township.
